SUMMARY OF QUALIFICATIONS

Over five years experience in all areas of production, specializing in post-production. Experienced videographer, editor, and business owner with a strong interest in web distribution, mobile media, and new technologies. Independent, thorough, flexible, highly organized, cool under pressure. Thrives in a collaborative environment.

EXPERIENCE

Chief Predator, Owner | Hungry Filmmaker Productions June 2006 to Present
Owner, primary videographer, producer, and editor for a successful production and consulting freelance business with core competency in post-production.

- Directed, edited, and produced new show opener for local Boston sci-fi/thriller series, *Shadows*.
- Produced interview series with the chief editor for PLoS Medicine, an online medical journal based in San Francisco, which raised Open Access awareness.
- Designed branding for PLoS's editor-submitted video series PLoS Conversations (in progress). Designed stylized aesthetic, titles, and graphics, including 3D opener.
- Provided dependable back-end video services for Washington, D.C. academic publishing group SPARC, including editing and DVD authoring.
- Crafted online business profile for Lifeletics, an Orange County baseball coaching group, through demo videos and coach interviews.

Production Assistant | The Dr. Phil Show/The Doctors June 2008 to Present
Office management for two network-level television shows.

- Expertly adapted to shifting job requirements with little instruction or supervision.
 - Coordinated with other PAs to perform varied tasks with strict deadlines.
 - Provided quick and dependable support to *Dr. Phil* and *Doctors* staff, including technical support, taking calls, research, and errands.
-
